

REMARKS

In response to the Restriction Requirement in the Office Action mailed September 30, 2009, Applicant hereby elects the species of Figure 2 with traverse. The claims readable on the species of Figure 2 are claims 41-55, 58-61, 65, 66, and 68-75.

Applicant traverses the election requirement since Applicant believes that claims 41-55, 58-60, 65, 66, and 68-75 are generic to all six drawing species (Figs. 1-5A). Upon allowance of one or more of the generic claims, Applicant respectfully requests an action on the merits for all six species.

Accordingly, claims 56, 57, 62, 63, 64, 66, and 67 have been provisionally withdrawn pending the allowance of a generic claim.

Applicant has further amended the claim number and dependencies to conform to the cancellation of claims 1-40 and the addition of new claim 41 in Preliminary Amendment "A".

Applicant is further submitting an amended page 2/2 of the drawings to correct the transposition of the reference numerals "3" and "4" in Fig. 4.

An action on the merits of the elected claims is respectfully requested.

The Examiner is invited to contact the undersigned attorney if any further issues require discussion.

Respectfully submitted,

Date: October 29, 2009
